

Schedule 21 – Roads Occupation Schedule**1. Daily Occupation Fee: Traffic Lanes**

The Daily Occupation Fee set out in Table 1 will be payable to the extent that the Actual Road Occupation Period exceeds the Base Road Occupation Period in respect of each Road Occupation Zone (Traffic Lane). The Daily Occupation Fee is payable per lane, or part thereof, which is closed.

The Base Road Occupation Period for each Road Occupation Zone as set out in the third column below is an aggregate period for all Road Occupations in respect of the relevant Road Occupation Zone. For example the Actual Road Occupation for Federal Highway may be one or more periods which cannot exceed 96 days in total, after which the Daily Occupation Fee is payable in accordance with the Agreement.

2. Daily Occupation Fee: Intersections

The Daily Occupation Fee set out in Table 2 will apply in respect of each Road Occupation Zone (Intersection), to the extent that the Actual Road Occupation Period exceeds the Base Road Occupation Period for that Road Occupation Zone (Intersection). The Daily Occupation Fee is payable per intersection, or part thereof, which is closed.

The Base Road Occupation Period for each Road Occupation Zone (Intersection) is one continuous period. For example the Actual Road Occupation for:

- the Flemington and Manning Clarke / Hamer intersection must be one continuous period which cannot exceed 18 days unless the Daily Occupation Fee is paid; and
- the Flemington and Federal Highway - Weekend 1 intersection must be one continuous period which cannot exceed 2.25 days (reflecting a 54 hour period from 2200 on a Friday to 0400 on Monday) unless the Daily Occupation Fee is paid.
